1. The first part of the document is a list of names and addresses of the members of the committee. The names are written in a cursive hand, and the addresses are written in a more formal, printed hand. The list is organized in a table-like format with columns for names and addresses.

2. The second part of the document is a list of names and addresses of the members of the committee. The names are written in a cursive hand, and the addresses are written in a more formal, printed hand. The list is organized in a table-like format with columns for names and addresses.

3. The third part of the document is a list of names and addresses of the members of the committee. The names are written in a cursive hand, and the addresses are written in a more formal, printed hand. The list is organized in a table-like format with columns for names and addresses.

4. The fourth part of the document is a list of names and addresses of the members of the committee. The names are written in a cursive hand, and the addresses are written in a more formal, printed hand. The list is organized in a table-like format with columns for names and addresses.

5. The fifth part of the document is a list of names and addresses of the members of the committee. The names are written in a cursive hand, and the addresses are written in a more formal, printed hand. The list is organized in a table-like format with columns for names and addresses.

6. The sixth part of the document is a list of names and addresses of the members of the committee. The names are written in a cursive hand, and the addresses are written in a more formal, printed hand. The list is organized in a table-like format with columns for names and addresses.

7. The seventh part of the document is a list of names and addresses of the members of the committee. The names are written in a cursive hand, and the addresses are written in a more formal, printed hand. The list is organized in a table-like format with columns for names and addresses.

8. The eighth part of the document is a list of names and addresses of the members of the committee. The names are written in a cursive hand, and the addresses are written in a more formal, printed hand. The list is organized in a table-like format with columns for names and addresses.

9. The ninth part of the document is a list of names and addresses of the members of the committee. The names are written in a cursive hand, and the addresses are written in a more formal, printed hand. The list is organized in a table-like format with columns for names and addresses.

10. The tenth part of the document is a list of names and addresses of the members of the committee. The names are written in a cursive hand, and the addresses are written in a more formal, printed hand. The list is organized in a table-like format with columns for names and addresses.

1. The first part of the paper is devoted to a general  
 introduction of the subject and to a brief review of the  
 literature.

2. The second part of the paper is devoted to a  
 detailed study of the problem.

3. The third part of the paper is devoted to a  
 discussion of the results.

4. The fourth part of the paper is devoted to a  
 conclusion.

5. The fifth part of the paper is devoted to a  
 summary.

6. The sixth part of the paper is devoted to a  
 bibliography.

7. The seventh part of the paper is devoted to a  
 list of references.

1. The first part of the paper is devoted to a general discussion of the problem of the existence of a solution of the system of equations

(1) 
$$\frac{dx}{dt} = A(x)u, \quad \frac{dy}{dt} = B(x)y,$$

where  $A(x)$  and  $B(x)$  are matrices depending on  $x$ , and  $u$  is a vector function. The system (1) is considered in the case when the matrix  $A(x)$  is nonsingular for all  $x$  in the domain of interest.

In the second part of the paper, the problem of the existence of a solution of the system (1) is solved for the case when the matrix  $A(x)$  is constant.

In the third part of the paper, the problem of the existence of a solution of the system (1) is solved for the case when the matrix  $A(x)$  is a function of  $x$  and the matrix  $B(x)$  is constant.

In the fourth part of the paper, the problem of the existence of a solution of the system (1) is solved for the case when the matrix  $A(x)$  is a function of  $x$  and the matrix  $B(x)$  is a function of  $x$ .

In the fifth part of the paper, the problem of the existence of a solution of the system (1) is solved for the case when the matrix  $A(x)$  is a function of  $x$  and the matrix  $B(x)$  is a function of  $x$ .

In the sixth part of the paper, the problem of the existence of a solution of the system (1) is solved for the case when the matrix  $A(x)$  is a function of  $x$  and the matrix  $B(x)$  is a function of  $x$ .

In the seventh part of the paper, the problem of the existence of a solution of the system (1) is solved for the case when the matrix  $A(x)$  is a function of  $x$  and the matrix  $B(x)$  is a function of  $x$ .

1. The first part of the document is a list of names and addresses of the members of the committee. The names are written in a cursive hand, and the addresses are written in a more formal, printed hand. The list is organized into two columns, with names on the left and addresses on the right. The names are: John A. Smith, James B. Jones, William C. Brown, Thomas D. White, Charles E. Green, and Henry F. Black. The addresses are: 123 Main St., New York, N.Y.; 456 Elm St., Boston, Mass.; 789 Oak St., Philadelphia, Pa.; 101 Pine St., Chicago, Ill.; 202 Cedar St., St. Louis, Mo.; and 303 Maple St., San Francisco, Calif.

2. The second part of the document is a list of names and addresses of the members of the committee. The names are written in a cursive hand, and the addresses are written in a more formal, printed hand. The list is organized into two columns, with names on the left and addresses on the right. The names are: John A. Smith, James B. Jones, William C. Brown, Thomas D. White, Charles E. Green, and Henry F. Black. The addresses are: 123 Main St., New York, N.Y.; 456 Elm St., Boston, Mass.; 789 Oak St., Philadelphia, Pa.; 101 Pine St., Chicago, Ill.; 202 Cedar St., St. Louis, Mo.; and 303 Maple St., San Francisco, Calif.

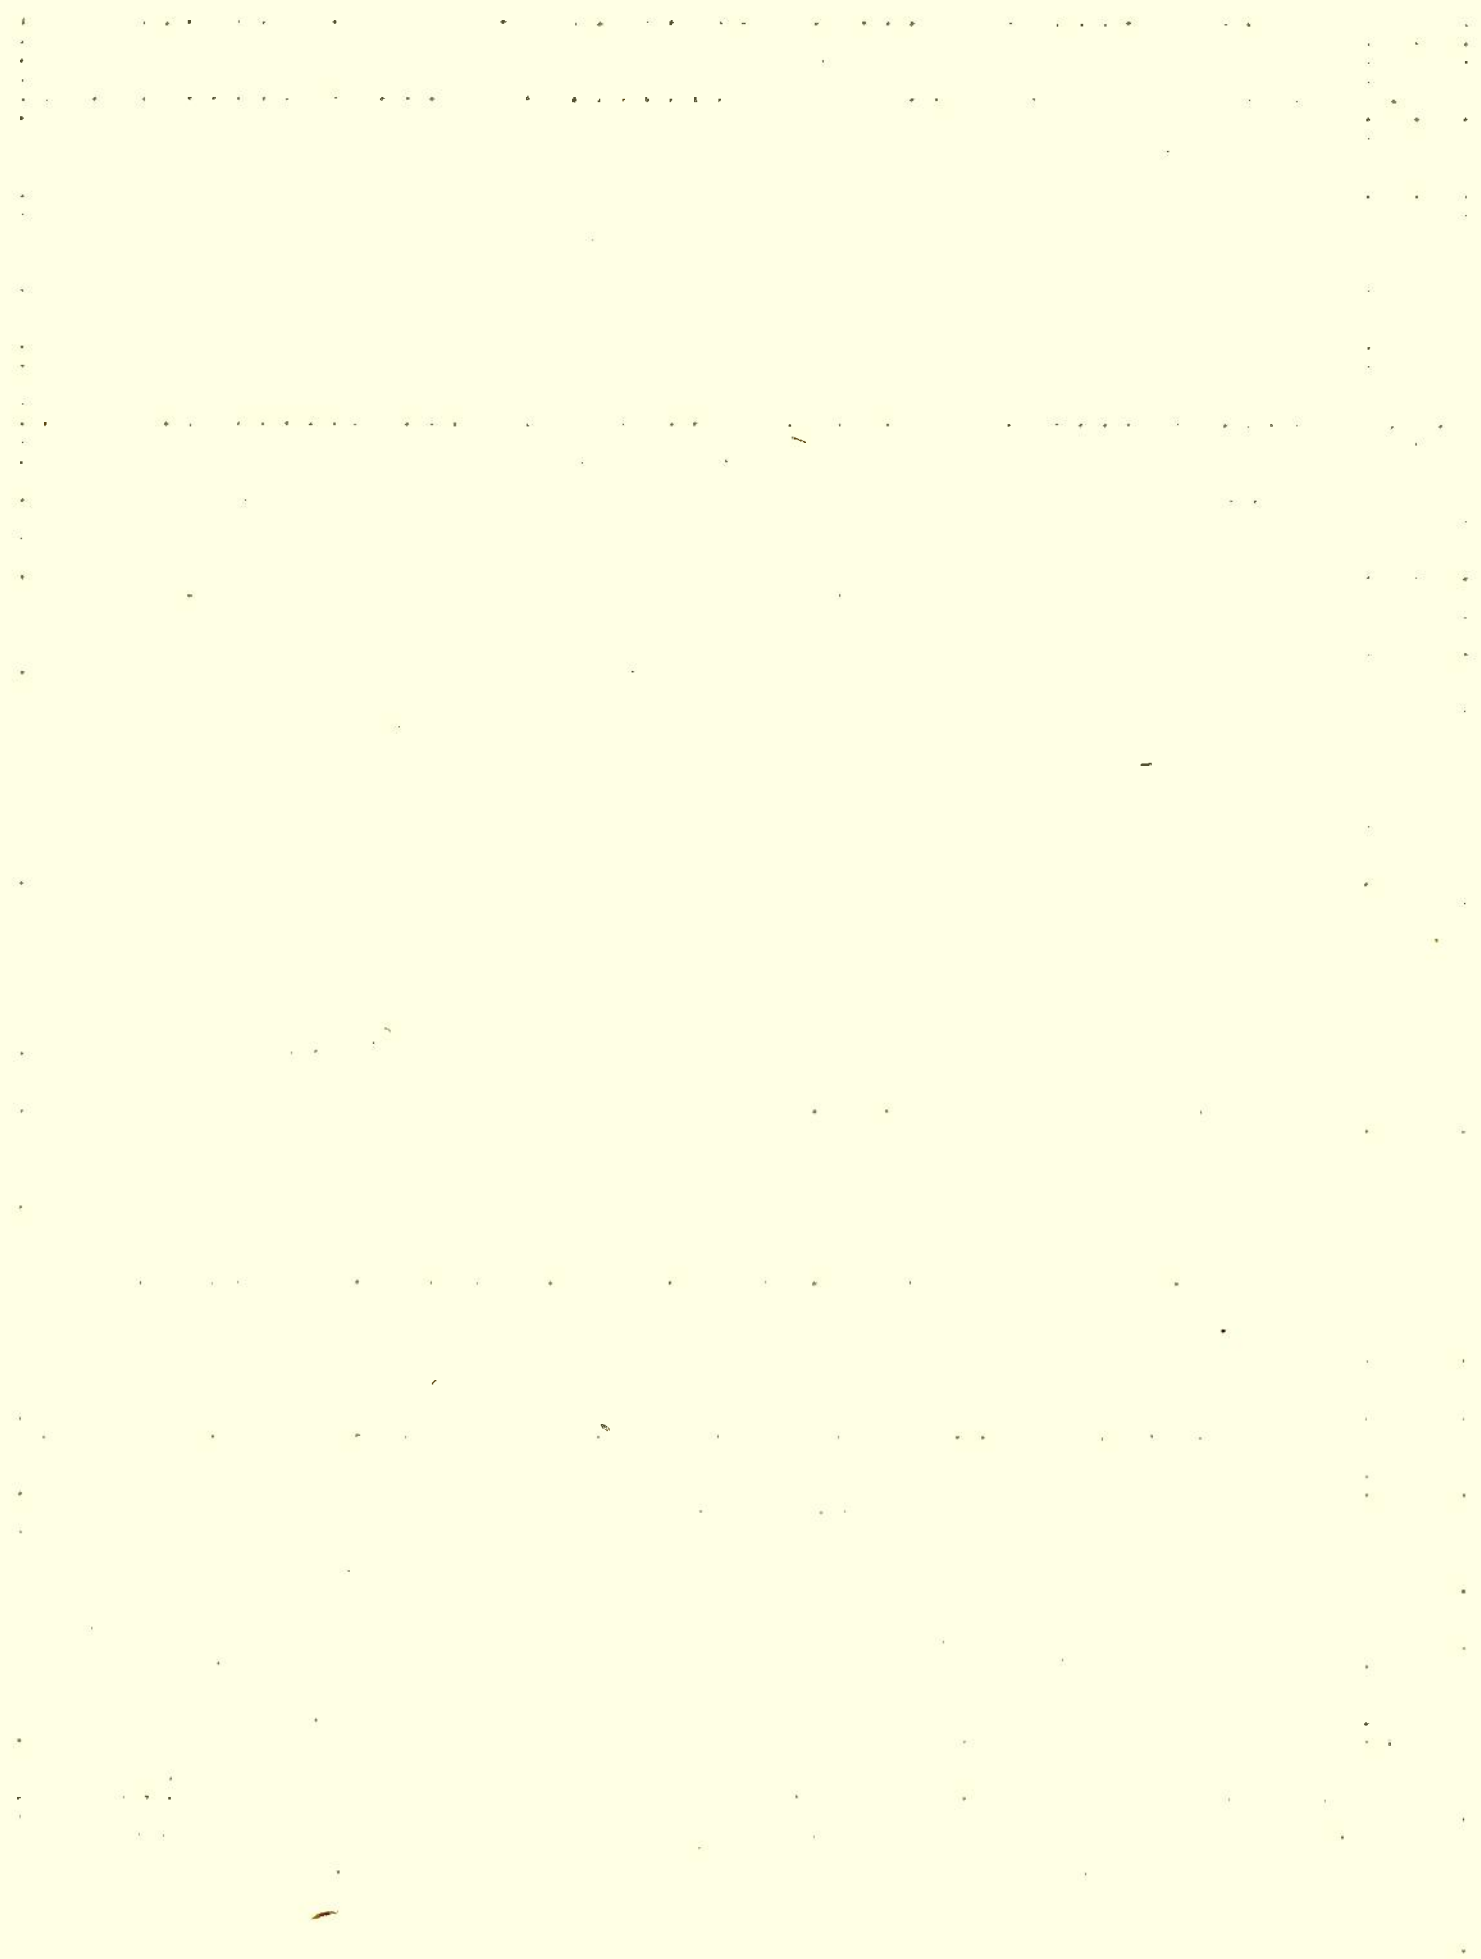

3. The third part of the document is a list of names and addresses of the members of the committee. The names are written in a cursive hand, and the addresses are written in a more formal, printed hand. The list is organized into two columns, with names on the left and addresses on the right. The names are: John A. Smith, James B. Jones, William C. Brown, Thomas D. White, Charles E. Green, and Henry F. Black. The addresses are: 123 Main St., New York, N.Y.; 456 Elm St., Boston, Mass.; 789 Oak St., Philadelphia, Pa.; 101 Pine St., Chicago, Ill.; 202 Cedar St., St. Louis, Mo.; and 303 Maple St., San Francisco, Calif.

4. The fourth part of the document is a list of names and addresses of the members of the committee. The names are written in a cursive hand, and the addresses are written in a more formal, printed hand. The list is organized into two columns, with names on the left and addresses on the right. The names are: John A. Smith, James B. Jones, William C. Brown, Thomas D. White, Charles E. Green, and Henry F. Black. The addresses are: 123 Main St., New York, N.Y.; 456 Elm St., Boston, Mass.; 789 Oak St., Philadelphia, Pa.; 101 Pine St., Chicago, Ill.; 202 Cedar St., St. Louis, Mo.; and 303 Maple St., San Francisco, Calif.

5. The fifth part of the document is a list of names and addresses of the members of the committee. The names are written in a cursive hand, and the addresses are written in a more formal, printed hand. The list is organized into two columns, with names on the left and addresses on the right. The names are: John A. Smith, James B. Jones, William C. Brown, Thomas D. White, Charles E. Green, and Henry F. Black. The addresses are: 123 Main St., New York, N.Y.; 456 Elm St., Boston, Mass.; 789 Oak St., Philadelphia, Pa.; 101 Pine St., Chicago, Ill.; 202 Cedar St., St. Louis, Mo.; and 303 Maple St., San Francisco, Calif.

1. The first part of the paper is devoted to a general discussion of the problem of the existence of solutions of the system of equations (1) and (2) for arbitrary values of the parameters  $\alpha$  and  $\beta$ . It is shown that the system has solutions for all values of the parameters  $\alpha$  and  $\beta$  if the function  $f(x)$  is continuous and has a bounded derivative.

2. In the second part of the paper the problem of the existence of solutions of the system of equations (1) and (2) for arbitrary values of the parameters  $\alpha$  and  $\beta$  is solved. It is shown that the system has solutions for all values of the parameters  $\alpha$  and  $\beta$  if the function  $f(x)$  is continuous and has a bounded derivative.

3. In the third part of the paper the problem of the existence of solutions of the system of equations (1) and (2) for arbitrary values of the parameters  $\alpha$  and  $\beta$  is solved. It is shown that the system has solutions for all values of the parameters  $\alpha$  and  $\beta$  if the function  $f(x)$  is continuous and has a bounded derivative.

4. In the fourth part of the paper the problem of the existence of solutions of the system of equations (1) and (2) for arbitrary values of the parameters  $\alpha$  and  $\beta$  is solved. It is shown that the system has solutions for all values of the parameters  $\alpha$  and  $\beta$  if the function  $f(x)$  is continuous and has a bounded derivative.

5. In the fifth part of the paper the problem of the existence of solutions of the system of equations (1) and (2) for arbitrary values of the parameters  $\alpha$  and  $\beta$  is solved. It is shown that the system has solutions for all values of the parameters  $\alpha$  and  $\beta$  if the function  $f(x)$  is continuous and has a bounded derivative.

6. In the sixth part of the paper the problem of the existence of solutions of the system of equations (1) and (2) for arbitrary values of the parameters  $\alpha$  and  $\beta$  is solved. It is shown that the system has solutions for all values of the parameters  $\alpha$  and  $\beta$  if the function  $f(x)$  is continuous and has a bounded derivative.
